## WEARING MEMORY OR MOURNING ARM BANDS DURING A MATCH POLICY

---

### Our commitment

The Darwin Netball Association (DNA) is supportive of those that wish to wear memory or mourning arm bands at the courts.

The DNA acknowledges that black armbands signifies that the wearer is in mourning or wishes to identify with the commemoration of a family member, friend, comrade, club member or team member who has died.

### Process

If a club, team or individual would like to wear black arm bands while playing on court, the DNA respectfully requests that the DNA is advised via email to [darwin.netball@gmail.com](mailto:darwin.netball@gmail.com)

Black arm band means plastic electrical tape.
