

GENERAL MEMBER JOB DESCRIPTION

Our Organisation

The Darwin Netball Association (DNA) is the governing body for netball in the Darwin region. We aim to unite, inspire, enrich and support those who love the sport of netball as much as we do.

The DNA has an elected Management Team who are volunteers. The DNA has a paid Administrative Officer who coordinates the administrative functions of the Association to lessen the burden on the volunteers.

Primary Objective

- The General Member's role is a volunteer position.
- To provide an unbiased view on all aspects of the competition from a club, player, coaching, umpiring perspective.

Key Duties

- To provide an unbiased view on all aspects of the competition.
- Attend DNA Management Team meetings.
- To provide support and assistance to the DNA Management Team with junior or senior game evenings, events and programs where required.

Skills Required

- Good communication skills
- Friendly and caring attitude
- Effective delegation skills
- Is well informed of all DNA activities
- Is aware of the future directions and plans of the DNA
- Understanding of the DNA's constitution, by-laws, policies and procedures
- Is a supportive leader for all DNA members
- Can maintain confidentiality on relevant matters
- To acknowledge the requirement for separation of personal interests and DNA matters
- Act in the best interest of the DNA at all times whilst in the assigned role.

Preferred Candidates

Player, coach, umpire.
